500+
Clients

20+
Years in business

400+
Years of combined experience

\$120M+
Annual Revenue

A history of implementing enterprise solutions rooted in trust.

STONEWORKS TECHNOLOGIES ACQUIRED BY FULCRUM TECHNOLOGIES

In its continued endeavor to bring even more insights and services to its portfolio of customers, Stoneworks Technologies joined the Fulcrum IT Partner network through acquisition in July 2023.

Speaking on the acquisition, Kyle Lazinger, President, US & Canada at Fulcrum IT Partners, said, **“Stoneworks is an incredible addition to the platform we are building at Fulcrum. Their trusted relationships with the Canadian government and networking capabilities will help create a stronger Canadian presence for our consumption and Fulcrum Titanium cybersecurity-as-a-service offerings. Just as exciting is bringing iON’s top-tier cybersecurity capabilities to Stoneworks’ customers as we build a unified Canadian solution offering.”**
